PARTNERS

**Margarida
Fonseca**

✉ mfonseca@mfassociados.pt

Founding partner of MF&A Group and Partner. Graduated in Environmental Engineering, with a post-graduate degree in Integrated Systems Management - Environment, Safety and Quality and Master in Environmental Engineering - Environmental Management and Systems. She has extensive experience (over 32 years) in the direction and coordination of environmental studies and projects.

**Nuno
Ferreira Matos**

✉ nfmatos@mfassociados.pt

Founding partner of MF&A Group and Partner. Graduated in Biology and Master in Natural Resources Management. He has over 30 years of professional experience with relevant experience in project direction and management of multidisciplinary teams in the environmental area. He was President of the Portuguese Association for Impact Assessment (APAI) for two biennia.

**António
Albuquerque**

✉ aalbuquerque@ecofield.pt

Founding partner of Ecofield. Degree in Forest Engineering, branch of Natural Resources Management and Master in Natural Resources Management. He has more than 26 years of experience working in the field of Ecology. Specialist in ecology.

**Luís
Silva**

Founding partner of MF&A Group and Partner. Graduated in Civil Engineering. He is currently CEO/General Manager of AJS Transportes e Logística, the main transportation and logistics company in Angola, being considered one of the greatest Angolan entrepreneurs of the "new generation", leading the company in its regional and industrial expansion.

Company founded in 2006 and based in Portugal, working in the fields of environment, social and sustainability.

Company founded in 2012 and based in Maputo, providing environmental consultancy services in the Mozambican market.

Company dedicated to the field of ecology, founded in 2010 and based in Portugal.

2026	
Request for Screening under the Environmental Impact Assessment (EIA) procedure for the Estremoz–Maranhão 60 kV Overhead Power Line (LN60 6514)	MF&A / E-redes
Additional works for the Environmental Impact Assessment (EIA) of the Sophia Photovoltaic Power Plant (Article 16 procedure)	MF&A / Lightsource bp
Pre-construction phase environmental monitoring for the Sabugal Wind Farm Repowering Project	MF&A / Saeta Yield, S.A.
Pre-construction and construction phase environmental monitoring for the Penamacor 3B Wind Farm Repowering Project	MF&A / Saeta Yield, S.A.
Review of the Erosion Monitoring Programme and implementation of erosion monitoring at the Ourique Solar Photovoltaic Plant during the Pre-construction and Construction phases	MF&A / Qenergy
Environmental Constraints Study (EGCA) for the Sophia Wind Farm – Hybrid Project with the Sophia Photovoltaic Plant	MF&A / Lightsource bp
Preliminary Assessment Study for the Sincelo Photovoltaic Plant – Hybrid Project with the Sincelo Wind Farm	MF&A / Finerge - Gestão de Projectos Energéticos, S.A.
Update of the Erosion Control Plan for the Benespera Photovoltaic Plant	MF&A / Finerge - Gestão de Projectos Energéticos, S.A.
Environmental Impact Assessment (EIA) of the Sines Projects (São Bartolomeu Wind Farm, Abela Wind Farm, and Vale Miguel Wind Farm)	MF&A / Hyperion Renewables
High-altitude bat (chiropteran) monitoring for the Amarvento Wind Farm (Year 0 baseline)	MF&A / Akuo Renováveis Portugal II, Lda.
Additional ecological monitoring for baseline characterisation of the Pinel Photovoltaic Power Plant	MF&A/CHINT
Additional ecological monitoring for the Mozel Wind Farm (Year 0 baseline).	MF/A / AKUO Renováveis Portugal II, Lda.
Characterisation of flora, vegetation, and habitats in an area designated for the installation of two UPPs (Small-Scale Production Units) in Silves	Prosolia Energy
Reinstatement Plan for the Areas Affected by the 60 kV Overhead Line VN Famalicão – Vila do Conde	MF&A / E-Redes
Request for Screening under the Environmental Impact Assessment (EIA) procedure (PERJAIA) for the Repowering and Decommissioning Project of the Outeiro Wind Farm	MF&A / Acciona Energía
Elements to be submitted prior to the construction phase of the Mozel Wind Farm	MF&A / AKUO Renováveis Portugal II, Lda.
Habitat Management Plan for plant species with high conservation threat status at the Mozel Wind Farm	MF&A / AKUO Renováveis Portugal II, Lda.
Water Quality Monitoring Programme for the Hydroelectric Facilities (HPP) of Aguia Enlica – Small Hydro (2026–2028)	Aguia Enlica II Small Hydro, S.A
Water Quality Monitoring Programme for the Hydroelectric Facilities (HPP) of Aguia Enlica – Pebble Hydro (2026–2027)	Pebble Hydro - Consultoria, Investimento e Serviços Unipessoal, Lda.

Request for Scoping within the Environmental Impact Assessment procedure of LN60 BEJA–BRINCHES LN60 6461 Beja–N.S. das Neves Substation (Mod. P2–P37) and LN60 6624 N.S. das Neves Substation–Brinches (Mod. P9–P62)	MF&A / E-redes
Major Constraints Study of the Torres Vedras Biomethane Production Unit	MF&A / Prado Energia
Environmental Studies in response to the Environmental Compliance Decision of the Execution Project (DCAPE) for the 400 kV LN 4153 Vila de Ala – Lagoaça Substation (LVLA.LGC)	MF&A / QEnergy
Environmental Studies for the Wind LSbp projects – Ecological Monitoring of the Portel Wind Farm	MF&A / LightsourceBP
Environmental Impact Assessment (EIA) of the Cibebe Wind Farm	MF&A / EXUS
Request for Framework within the Environmental Impact Assessment Procedure (PERJIA) for the Repowering Project of the Pegões Photovoltaic Plant	MF&A / QEnergy
Environmental Impact Assessment (EIA) of the Bornes Photovoltaic Solar Plant	MF&A / NADARA
Hydraulic and Hydrological Studies and Determination of Areas at Risk of Erosion at the Gáfete Photovoltaic Plant	MF&A / Hyperion Renewables Nisa, Unipessoal Lda.
Environmental Advisory Services for the Conservation and Rehabilitation of the Hydrographic Network of the Valverdinho Power Generation Centre (2025)	VVD - Produtora de Energia Renovável de Valverdinho, S.A.
Request for Framework within the Environmental Impact Assessment Procedure (PERJIA) for the Repowering Project of the Divor Photovoltaic Plant	MF&A / QENERGY
Environmental Impact Assessment (EIA) of the Avelanoso Wind Farm (35 AG – 157.5 MW) and Very High Voltage Connection to the Picote Hydropower Substation (220 kV and 32 km)	MF&A / Gesto - Energia S A
Environmental Impact Assessment (EIA) of the Travanca Photovoltaic Plant (104 MWp) and Very High Voltage Connection to the Bemposta Hydropower Substation (220 kV and 12 km)	MF&A / Gesto - Energia S A
Environmental Impact Assessment (EIA) of the Souto da Velha Photovoltaic Plant (110 MWp) and Very High Voltage Connection to the Baixo Sabor Hydropower Substation (220 kV and 11 km)	MF&A / Gesto - Energia S A
Environmental Impact Assessment (EIA) of the Antas Photovoltaic Plant (142 MWp) and Very High Voltage Connection to the Armamar Substation (400 kV and 35 km)	MF&A / Gesto - Energia S A
Habitat Condition Assessment in the Area of the Sophia Photovoltaic Plant	MF&A / Lightsource
Major Constraints Study (EGC) for Ferreira Wind	MF&A / Q Energy
Major Constraints Study (EGC) for Pegões Wind	MF&A / VENTUS INCOGNITWORLD 2 UNIPessoal LDA
Preliminary Assessment Study (EAP) of the Gagos Solar Photovoltaic Power Plant	MF&A / Chint Solar

2025	
Framework Request within the Environmental Impact Assessment Procedure (PERJIAIA) for LN60 6338 Ferreira (REN)-Beja I and LN60 6339 Ferreira (REN)-Beja II	MF&A / E-Redes
Environmental Impact Assessment (EIA) of the Re-equipment of the Arga Wind Farm	MF&A / Finerge - Gestão e Projetos Energéticos, S.A.
Additional work for the Environmental Impact Assessment (EIA) of the BigBATT Project	MF&A / EDP-Gestão da Produção de Energia, S.A.
Study of Major Constraints (EGC) of the Chamusca Hybrid Project	MF&A / Copenhagen Infrastructure Energy Transition Fund I K/S - Madoqua Wind, Lda
Characterization of fish fauna in the reservoir of the Vila Nova-Paradela Hydroelectric Scheme (2025)	UTAD - Universidade de Trás-os-Montes e Alto Douro
Environmental Impact Assessment (EIA) of the Gáfete Photovoltaic Power Plant	MF&A / Hyperion Renewables Nisa, Unipessoal Lda.
Ecological Characterizations for the Data Center Project in Abrantes – Summer and Autumn Campaigns	MF&A / Hyperion
Analysis of oak survey and preparation of response to ICNF within the scope of the Amarvento Wind Farm	MF&A / Akuo Renováveis Portugal II, Lda.
Ecological Characterizations of the Gáfete Photovoltaic Power Plant	Hyperion Renewables Nisa, Unipessoal Lda.
Request for Framework in the Environmental Impact Assessment procedure (PERJIAIA) of LN60 6634 Estremoz (REN) – Arronches	MF&A / E-redes
Preliminary Assessment Study (EAP) on the Requirement for Environmental Impact Assessment for the Repowering of the São Miguel do Pinheiro Photovoltaic Power Plant	MF&A / Fermesolar, Lda.
Determination of Erosion Risk Areas at the Mogadouro I & II Photovoltaic Power Plants	MF&A / QENERGY
Study of Major Environmental Constraints (consultancy office) for 5 REPSOL Wind Farms in Alentejo	MF&A / REPSOL
Preparation of the Baseline Situation for the Request for Framework under the Environmental Impact Assessment Procedure (PERJIAIA) for the Mortágua Power Plant Modification Project – Case-by-Case Analysis	MF&A / Tecninvest 2, Lda.
Request for Framework under the Environmental Impact Assessment (PERJIAIA) Procedure for Transmission Line LN60 Falagueira (REN)-Alpalhão LA	MF&A / E-redes
Review of the Hydraulic and Hydrological Study of the Benespera Photovoltaic Power Plant	MF&A / Jayme da Costa
Works to be carried out within the scope of the Decision of Exemption from Environmental Impact Assessment (EIA) for the Almodôvar Hybrid Wind Farm	MF&A / Acciona Energia
Ecological Monitoring of the Ferreira do Alentejo Photovoltaic Power Plant – Year 0	MF&A / Incognitworld, Unipessoal Lda.
Ecological Monitoring for the Sines Projects (São Bartolomeu Wind Farm, Abela PV Plant, and Vale Miguel Wind Farm)	MF&A / Hyperion Renewables
Environmental support for the tender of the High-Speed Rail project between Oia and Soure (LOT B)	MF&A
